

# Software Developer

## Idox Cloud

## Hillsborough, County Down

---

### About the role

We are seeking to recruit a talented and highly motivated Software Developer to join our growing Development team. We deliver bespoke web applications and mobile apps based around the customer's specific needs.

Formerly known as Tascomi, our Hillsborough team are now proud to be part of the Idox Group and are leading many initiatives in digital transformation for Local Government, with talented Developers being a core element within these projects.

This is a team which is passionate about technology. We love what we do, and we are keen to enrich the team further with this hire. In particular, this is an opportunity to play a significant role in the future direction and development of our product range, and you will be expected to work on your own initiative and bring fresh ideas to our collaborative team.

For this reason, to join us you should already have an understanding of hardware, structure and databases through to front end, OO design and UX/UI, and gain, fast track opportunity to work on high quality, sustainable solutions, which bring tangible benefits to civic life. Please look at our website to get a feel of the contribution you'll be making as part of the Idox team:

<https://www.idoxgroup.com>

### Key responsibilities

#### As a Software Developer you will:

- Develop our products using a variety of web and mobile technologies to deliver user-focused front-ends and maintainable back-ends
- Influence the future development of the products
- Use continuous agile methodologies to deliver quality software
- Collaborate with our customers and delivery team to maintain our customer focused reputation
- Be a key team member on significant projects

#### To be successful, you'll need to bring:

- 2+ years development experience
- Work experience with PHP HTML, CSS & Javascript
- Clear understanding of OO concepts and design
- Knowledge of Relational and NoSql databases
- Strong problem-solving skills
- Excellent written and verbal communication.

#### Additional desirable qualities:

- Mobile Development
  - Version Control (Git)
  - Javascript libraries such as React, Angular, JQuery.
- 

## About Idox:

Our specialist software solutions power the performance of government and industry, driving productivity and a better experience for everyone. Built around the user and designed in collaboration with experts who have worked through every detail of every process from end-to-end, our hard-working process engines deliver exceptional functionality and embed workflows that drive efficiency and best practice with a long-term focus for regulated environments.

Through the automation of tasks, the simplification of complex operations, finding scalability as operations evolve, and more effective management of information, we help our customers harness the power of Digital, so they can do more.

We employ around 600 staff in the UK and worldwide, including Europe, North America and Asia, so some travel to meet colleagues may be required.

## The benefits:

This post commands a competitive salary, dependent upon experience, along with an excellent benefits package.

## How to apply:

Applicants should submit a CV, and a short cover letter (*maximum 500 words - including salary expectation, and current remuneration*) explaining why they feel they would be suited to this role to [join.us@idoxgroup.com](mailto:join.us@idoxgroup.com).

Please note successful applicants will need to satisfy the BPSS guidelines (Baseline Personnel Security Standards) which consist of the receipt of satisfactory references covering the last 3 years of employment; an identity check; verification of eligibility to work in the UK; and a Basic Disclosure Check. This is in order to help us make safer recruitment decisions.

## Privacy notice

As part of the recruitment process we will collect data about you in a variety of ways including the information you would normally include in a CV or a job application cover letter, or notes made by our recruiting officers during a recruitment interview.

Please read our Recruitment Data Privacy Policy here: <https://www.idoxgroup.com/policies>
