

User Experience (UX) Designer

LandHawk UK

Swindon or Home Based (Hybrid), South West England

About the role

We are seeking a highly creative and experienced **UX Designer** to join our rapidly growing team at LandHawk.

The successful candidate will be responsible for designing and improving the user experience of our land development SaaS platform. We are a fast-growing SaaS company, revolutionising the way land consultants find and assess development opportunities.

At LandHawk, we are constantly pushing the boundaries and looking for top talent to join our dynamic team. LandHawk <https://www.landhawk.uk> has recently been acquired by Idox Plc, so this is an exciting time to join the company. We have a complex but exciting product development roadmap that requires a forward thinking User Experience Designer.

We are looking for a resourceful designer who will thrive in an environment where your ideas, skills and positive outlook will be pivotal in our product development and recognised throughout our company. You'll meet and co-design with customers as well as influence workflows for new product features, and make development seamless. You'll benefit from an dedicated design mentor outside the immediate team, who you can share with and take confidence from.

Idox will invest time and resources, as well as a competitive package (including flexible working), designed to reward success as you achieve your own professional development goals. You'll also be recognised for achieving success as a significant contributor to our collaborative Development community overall.

Key responsibilities

- Collaborate with the product and engineering team to define and implement innovative solutions for the product direction, visual design, and user experience
- Execute all visual design stages from concept to final hand-off to engineering
- Create wireframes, prototypes, and high-fidelity mock-ups
- Conduct user research and testing to ensure designs meet the needs and expectations of our users
- Communicate designs and articulate the value of UX and UI and the rationale behind underlying research and design decisions
- Stay up to date with current design trends and techniques.

To be successful, you'll need to bring:

- 3+ years of experience in UX design, with a focus on SaaS platforms
- Strong visual design skills including typography, layout, form and hierarchy
- Proficiency with design and prototyping tools such as Figma, Sketch, InVision, and Adobe Creative Suite

- Experience with user research and testing methods
- Familiarity with geospatial data (GIS) and land development processes is a plus
- Bachelor's degree in design or related field
- **Figma** experience is particularly welcome.

About Idox

Our specialist software solutions power the performance of government and industry, driving productivity and a better experience for everyone.
