

LETTER OF INTENT

To:

Long Path Partners, LP ("Long Path, LP")

PRIVATE AND CONFIDENTIAL

Date: 26 October 2025

Dear Directors

Proposed acquisition of Idox plc (the "Target") by a company to be incorporated by or on behalf of funds advised by Long Path, LP ("Bidco")

We understand that the Bidco is considering the Transaction substantially on the terms and conditions set out or referred to in the draft of the Press Announcement attached at the Appendix to this letter and/or such other terms and conditions as required by (i) any applicable law or regulation; and (ii) the Code. Unless otherwise defined in this letter or unless the context requires otherwise, capitalised terms have the meaning given to them in the Press Announcement.

We hereby confirm that it is currently our intention to instruct the custodian holding legal title to all the shares we control the exercise of all rights over (including voting rights), to vote in favour of the proposed offer by Bidco for the entire issued and to be issued share capital of the Target.

We confirm that the number of ordinary shares of 1p each in the capital of the Target to which this letter of intent relates is 10,480,000.

The intention expressed herein does not impose any legally binding obligations on ourselves to accept the proposed Acquisition and does not affect our ability to deal in the shares. Unless we have previously notified you that our intention has changed, we consent to the inclusion in any announcement or document prepared or issued relating to the acquisition of a statement to the effect that we have indicated our intention to make such instruction to vote in favour of the acquisition.

Yours faithfully
